

WHY WAIT LONGER?

IF YOU need a binder, mower, or rake, why wait longer to place your order? The manufacturer has built machines to harvest the growing crops. Built them under the highest freight rate and wage scale that was ever known. They have built these machines for the men who need them, and if you need one you cannot gain by waiting longer to place your order. If you don't need a machine, it is good luck; if you can make out with the old one you are fortunate. Repair it up, but if you do need one you are safe to place your order now and give us ample time get it for you.

We guarantee the price against decline up to date of delivery.

UNCLE IDENTIFIES BODY OF TRAIN VICTIM

Boy Killed at Peirce City was Harold May of Pueblo, Colo., Nephew of John Yancy of Springfield.

John Yancy, of Springfield, came to Peirce City Tuesday, and identified the body of the young man who was killed by the train Saturday afternoon when trying to steal a ride. The boy's name is Harold May and his parents live at Pueblo, Colo., having gone there from Springfield some time ago for the benefit of Mrs. May's health.

Mr. Yancy said that the boy was at his home two weeks ago, at which time he advised him to go home and quit running around as he was sure to be killed if he continued to steal rides over the country.

The body will be taken to Springfield by H. I. Bradford, the undertaker who had charge of the body and interment will be made there.

It is said that the young man's sister lived at Monett a short time ago but her name was not learned.

The Bradford Undertakers made every effort to learn the identity of the young man through newspapers, telegraph and telephone, spending considerable money in this way. They embalmed the body thoroughly in order to keep it indefinitely in the hope that the relatives of the boy would claim him and this was done with no assurance they would ever receive anything for their trouble and expense.

MORELOCK APPOINTED CITY MARSHAL

City Council Looks After Extensive Improvements. Buys 500 Feet of Double Jacket Fire Hose.

The Monett city council met in regular session May 3 and in adjourned session May 7 and transacted considerable business, including extensive city improvements.

The resignation of Joseph A. Jackson, city marshal, was accepted in the meeting held May 3 and in the adjourned session Harry Morelock was elected city marshal to take the place.

On May 3 F. P. Sizer and others appeared before the council and presented a petition asking the council to discontinue the licensing of pool halls in Monett and to close the same. The petition was said to contain over 1200 names. The council instructed the city clerk to canvass the petition and to make a certified report on the same. At the adjourned meeting James Johnston, city clerk, reported that he had canvassed the petition and that there were 1242 signers.

An ordinance was passed changing the curb line on the south side of Bond street between Fourth and Fifth streets. The bid of M. E. Gillioz for the curbing and guttering of Bond street between Fourth and Fifth was accepted.

The council levied a special tax to pay for the curb and gutter on Ninth street and also for the grading and graveling of the street.

At the adjourned session Saturday afternoon the council bought 500 feet of double jacket fire hose from the Diamond Fire Hose Co., at the price of \$1.08 per foot, this company making the lowest price of three, their representatives being here at the time.

J. W. Solomon, of the Home Garage, was given permission to install a gasoline filling station at 214 Fourth street.

The light and water department reported extensive improvements in the lines during April. They completed the extension of light service into Forest Park, setting twenty-two poles and installing twenty meters. Several transformers were mounted for the benefit of the citizens who use electric stoves.

The water service lines were extended to the 300 block on Lincoln avenue. Four water taps were made. Two hundred feet of two inch pipe were laid in the 300 block on Lincoln. All fire hydrants were flushed. The power was off three times for a total of two hours and 43 minutes.

In police court in April there were three arrests for fighting, three for intoxication, four for selling intoxicating liquor as a beverage and one for petit larceny.

W. C. T. U. MEETING

The W. C. T. U. met at the Baptist church Friday evening with a fair attendance and good interest.

Rev. C. F. Whitlock was present and told of his attendance at the World convention at Washington, D. C. Mrs. F. M. Baity spoke on the plans being carried out by the society at this time. A good collection was taken which was given to the Law Enforcement League to be used in their work.

The Union is collecting a layette to be used for a child which may be in need of the garments, also comforts for the mother. Each member is assessed 37 cents. This is in connection with the child welfare department of the Union.

FRANK COX IN A SERIOUS CONDITION FROM INJURIES

Frank Cox, a farmer residing on the Monett-Peirce City road a short distance west of the Cox cemetery, is in a serious condition caused from injuries received Friday afternoon when he was out in the field planting corn.

The check wire, which extended from one side of the field to the other, used in planting corn, broke in the center when Mr. Cox took up the anchor to change the position of the wire. Mr. Cox was standing on the edge of a fifteen foot ditch and when the line broke he was over-balanced and fell head first into the ditch. Two ribs were broken and one rib was torn from the bone. He was found in an unconscious state by members of the family who became anxious about him when he failed to return to the house.

Later, pneumonia set in, and he is reported in a serious condition, but improved a little since Sunday.

REGRET LOSS OF MEMBER

Aloha Chapter No. 240 O. E. S. regret very much to lose one of their best loved members, Mrs. Flora Kahn, who departed last Wednesday for Denver, Colo. As she had been so ill and was too nervous for us to give her a farewell reception the officers called on her and spent a social hour or two before leaving. Mrs. Emma Johnson, Worthy Matron, in a few well chosen words presented her with a leather hand bag as a token of our love and esteem. Sister Kahn responded in her own sweet way, saying she was just about to inquire which one of us was going away. We trust the change will greatly improve her health and that she will return to us in August well and strong again. She bade us good bye with a smile which assured our short visit had been good for all present.

The Memorial services at Mt. Olivet church seven miles north of Monett have been postponed from May 15 to June 19.

NEW HIGH SCHOOL BUILDING FOR PEIRCE CITY

Peirce City is to have a new high school building to cost \$35,000. A part of the needed funds was raised by a bond issue, voted some time ago, but the amount was insufficient to build the kind of school needed. The amount was swelled by public subscription and the town will have a school house such as they desire.

B. O. Short has received the contract for the building, excepting the tinning and plumbing work which was let separately. The high school will be built on the site of the one which burned three years ago.

BERRY SHIPPING TO BEGIN MAY 17 TO 20

J. W. Stroud, secretary of the Ozark Fruit Growers' Association, is in town getting ready for the shipping season. Mr. Stroud thinks that shipping of strawberries from this point will begin about May 17 to 20. He says there will be about half a crop here, which will make as many or more berries than were shipped out of here last year.

Mr. Stroud says that Eastern Arkansas is about to finish shipping and that shipments are strong in Tennessee.

Plenty of good warm rains and favorable weather will do a great deal for the berries here and, with the high prices sure to prevail the growers will make a nice profit considering the conditions under which they are working.

PLEASANT VALLEY

Lee Cochran, who has been suffering from a broken limb and arm, is improving nicely.

Mr. and Mrs. Johnnie Cox visited at Riley Thomas' Sunday.

Miss Goldie Sooter spent Sunday with Miss Zelma Strother.
